Hi Dulanjana,

You're invited to take an assessment for Acentura Inc!

This is your chance to showcase your skills. An assessment helps focus on what you can do—not just your resume—ensuring hiring decisions are based on ability, not background. By removing bias, every candidate gets a fair shot and an equal opportunity to shine.

- Why take an assessment? [Learn how it helps you.](#)
- How does taking an assessment work? What are the questions like? [Read our guide to assessments.](#)
- What kind of technology do you need? Can you take it on your phone? [Review our equipment guide before you begin.](#)
- Experiencing an issue? Have a different question? [Here's how to troubleshoot.](#)
- Finished with your assessment? [Learn about what comes next here.](#)

The assessment will take up to 50 minutes to complete. Before you start, you'll see an overview with instructions and a breakdown of topics, and you'll have time to review everything before the timer begins.

Ready? Click below to go to the assessment.

Before starting, you'll see an overview of instructions and topics.

Go to assessment

The timer starts only after you finish your assessment setup.
